

Formal Lab Write-up
Physics 4A
Measuring g

Connor Darling

Lab Partner: Yoon Lee

October 2022

Contents

1 Purpose	2
1.1 What is the purpose of this lab	2
1.2 What are you trying to measure	2
2 Theory	3
2.1 Give a description of the theory involved for this particular lab. .	3
3 Procedure	4
3.1 Describe the procedure of this lab with detail for duplication . .	4
4 Data	5
4.1 This section should include all of the measured values. (no calculations)	5
4.2 Include error associated with measurements	5
5 Analysis	6
5.1 Include Values	6
6 Error Analysis and Procedural Errors	7
7 Conclusion	8
8 Suggestions for Improvement	9

Chapter 1

Purpose

- 1.1 What is the purpose of this lab
- 1.2 What are you trying to measure

Chapter 2

Theory

- 2.1 Give a description of the theory involved for this particular lab.

Chapter 3

Procedure

- 3.1 Describe the procedure of this lab with detail for duplication

Chapter 4

Data

- 4.1 This section should include all of the measured values. (no calculations)
- 4.2 Include error associated with measurements

Chapter 5

Analysis

5.1 Include Values

calculated from data, graphs, answers to Qs

Chapter 6

Error Analysis and Procedural Errors

Chapter 7

Conclusion

Chapter 8

Suggestions for Improvement
